THE FAIR.

The first annual Fair of the "MONTGOMERY COUNTY AGRICULTURAL AND MECHANICAL ASSOCIATION," opened on last Tuesday, and has been going on every day since, and will close to-morrow.

Great fairs were entertained that we would have had weather, owing to the lateness of the season and the cold, inclement Sunday preceding the opening day looked like an omen of realization of those fears; but Monday again gave promise of fair weather, and sure enough Tuesday came a beautiful, bright, sunny day. As early as 7 o'clock people commenced going out, and from that hour until 11 every procurable means of conveyance was brought into requisition to accommodate the vast crowds that poured out to the grounds. The railroad company ran an accommodation train all making trips, there and back, as fast as they could, and such was the anxiety to get out there that up to 11 o'clock there was a large crowd continually waiting at Bradley's Station. Besides the cars there were hundreds of vehicles of all descriptions, going out all the morning. Such was the exodus of people from town, and they poured in upon the Fair grounds from all parts of the surrounding country in the same way. By 11 o'clock the scene presented in the amphitheatre was really grand. The tiers of seats all around the vast building were filled with ladies and gentlemen, all elegantly dressed, and all happy in the enjoyment of the scene around them, and of the exhibition going on. We venture to say that as large an assemblage of fine looking men and women never were seen in Tennessee. There were more pretty women and handsome men, and they were more elegantly dressed than we ever saw together before. The view presented was a grand coup d'oeil. The first floor of the Pagoda was occupied by the Directors, the Executive Committee, and a few invited guests; while Ponton's splendid brass band—known as the "Rock City Guards Silver Band"—occupied the second, and added immensely to the interest and happiness of the occasion by their excellent music. Cords were stretched from our post to another on the amphitheatre promenade, and upon them were hung the quilts, counterpanes, embroidery, needle-work, and the like, while all about the promenade were seen specimens of wax-work, hair-work, painting, and other such handicrafts. The ground floor of the Pagoda was devoted to fruits, vegetables, wines, cordials, dairy products, and the like, and domestic woolen goods. We should like very much, indeed, to speak particularly of the articles thus exhibited, but we are so pressed for time that we cannot do it.

The attendance on Wednesday, the second day, was fully as large and respectable as on the first; and yesterday, we think it was still larger. We give elsewhere to-day a list of the premiums and certificates for the first and second days. We have to go to press Thursday afternoon, for the Thursday-night and Friday-morning mails, and therefore could only give part of that day; so we have thought it best to give in this paper only the first and second days, and in our next the whole five days.

We think the entire people of our town and county may well feel proud of the success of our Fair. It has exceeded beyond our most sanguine expectations. Great praise is due to the Directors, Marshals and other officers for their great exertions day after day, to render the exhibitions attractive, preserve good order, and secure the comfort of the visitors. The Fair, altogether, is a complete success.

STEWART COLLEGE.—We learn that the Synod of Nashville at its meeting, in Tennessee, Alabama, took most favorable action relative to Stewart College, first advancing one thousand dollars to meet any deficiency in the salaries of the Professors for the current year, and resolving to endow two professorships of twenty thousand dollars each, one to be called the Edger professorship in honor of Rev. J. T. Edger, D. D. of Nashville, who for his long devotion to the Church and the eminent success that has attended his labors, is well worthy the honor. We have no doubt but the opportunity thus offered of erecting a memorial to his name, will meet a hearty response from the Church and the chair will be fully endowed at an early day.

The other professorship is to be endowed by the Ladies within the bounds of the Synod, and named by them. The fact that the ladies have determined to endow a chair is a guarantee for its success, for they never fail in a good work.

The friends of the College who have done and accomplished so much for it, will be greatly encouraged by the disposition manifested by the Synod to make it one of the first institutions in the whole country.

Our distinguished townsman, G. A. Henry, arrived home, on Wednesday last, from Pennsylvania and New York, in which States he has been spending a few weeks, advocating the cause of Bell and Everett and the Union. Everywhere that he went he was most gladly received, and his speeches were, beyond question, productive of great good. He brings very encouraging accounts of our prospects in the North, and says that the great State of New York is certain to go against Lincoln, and thereby defeat him. Maj. Henry has done gallant service in this cause. Indeed he has, ever since Mr. Bell's nomination, given himself up to our cause; and if Mr. Bell shall be elected, as we may reasonably hope he will, his success may be attributed as much to Maj. Henry's efforts as to those of any one man. He has, indeed, fought nobly in our noble cause.

Our well known and highly esteemed friend, Rev. J. G. Ward, was transferred, by the late Conference, here, to the Dakota Conference, upon his own application. The fact to which he goes embraces, we believe, a part of both Arkansas and Louisiana, and is one in which preachers are said to be needed. Rev. Ward is known in this community as an earnest, earnest, zealous Christian, and an upright and worthy citizen; and his numerous friends here will part with him with much regret. He will carry with him their best wishes for his success as a minister, and his happiness as a man.

There was an elegant social reunion of our local and visiting young ladies and gentlemen at Moore's Hotel, on Wednesday evening, which passed off most delightfully. The elegant parlors were thrown open to those who did not engage in the dance, while those who indulge in that pastime, did so to their heart's content, under the sparkling music of Ponton's Band.

We had the pleasure, on yesterday, to meet at the Fair, our friend, Mr. Glenn, of the Southern Homestead. The Homestead is an Agricultural and Horticultural Family paper, published weekly, at Nashville, at \$2 a year, and is a most excellent paper for the farmer, the gardener or for family reading. We know it to be such. Mr. Glenn will be on the Fair-ground to-day and to-morrow, and we advise our friends generally, and all farmers, particularly, to see him, and subscribe for the Homestead.

We have heard of a great deal of complaint, made by exhibitors at our Fair, about what they thought was the injustice done them in the awards of the Judges. Such complaints are common at all Fairs, and are, in perhaps most of cases, groundless; but in some of the instances, here, that we have heard of, manifest injustice was done to certain exhibitors, and it ought to be repaired. The aim of the Judges ought to be to award the premium to the most deserving articles without personal partiality, or prejudice, even when they are informed as to the ownership of the goods exhibited. Two of the cases to which we refer, were instances of gross injustice, and they were on the ladies' side of show, we were sorry to say.

Mr. Ben. Bartle, one of the engineers on our railroad, returned home, Wednesday, from Philadelphia, where he had been to receive a fine new locomotive just finished there for the Company here. He shipped the "mashen" to Charleston, and will go there in a few days to receive it and bring it here. Mr. Bartle says it is one of the best he ever saw (and he knows the good ones, sure) combining great power with elegant finish. It is four tons heavier than the W. B. Munford.

By the way, Mr. Bartle made one of the quickest trips home, "on record." He left Philadelphia on Monday night, at 11 o'clock, and arrived here on Wednesday at 7 p. m., notwithstanding he lost about 9 hours at Cincinnati.

No person who goes to the Fair, and wants a good dinner, should fail to try the dinners that Monks & Co. furnish there. Everything that the best hotels can furnish is set before you, at their table, all cooked in the very best style; and there are polite and attentive servants to wait on you. Be sure to try them, to-day and to-morrow, if you want a first-rate dinner.

There is quite a dangerous hole in the bridge, over the railroad, on Madison street, which ought to be closed, at once. We hope the "street committee" will attend to it.

MARRIED.
On the 18th inst., at the residence of D. Marr, in this city, by Mr. Lockert, Esq., Mr. HARR, formerly of Miss Elizabeth HARR, all of Ohio county, Ky.

DIED.—On Thursday, the 18th inst., at his parents' residence, JAMES, only son of Mr. and Mrs. S. B. Best, of this city, in the 6th year of his life. Barely has it ever been that the hand of Death has brought deeper affliction to a household than when it was laid upon little Jimmy. Not only was it deeply distressing to his father and mother, but so it was, also, to all who knew the lovely little boy. He was truly a child of unusual endowment, and one to whom we could not but become attached, when we knew him well. We know that we can say nothing now to assuage the terrible grief of little Jimmy's father and mother. The Almighty who has smitten, alone can comfort them. The dear little boy has been taken by Him "who doeth all things well;" and is freed from all the ills of this life, to swell the band of happy little angels in Heaven.

FARM FOR SALE.
I propose selling my farm lying on Cumberland river, in Stewart County, containing 325 acres, 50 acres of bottom land, the upland well adapted to the production of Tobacco. The buildings consist of an excellent new frame dwelling, situated on a beautiful elevated spot in view of the river; a good cluster, milk house, negro cabins and outbuildings. There is also a young orchard of land spring's setting, with some bearing trees on the place.
I propose taking part in negroes, should it suit the purchaser, the balance on reasonable terms. Corn, Hay and Stock can also be had on the place.
